

With respect to Figure 4a, element 106 has been identified, and the elements previously identified by reference numerals 126, 127a, 128 and 1231 have been now correctly identified by reference numerals 122a, 123a, 123b, 136 and 138.

With respect to Figure 5, the element previously identified by reference numeral 114 is now correctly identified by reference numeral 116.

With respect to Figure 6, element 210 has been identified.

With respect to Figure 11, reference numeral 436 has been deleted as no corresponding element is described in the specification.

Favourable consideration is earnestly solicited and, if any issues remain outstanding, the Examiner is invited to telephone the undersigned agent for the applicant at 416-862-5739.

Respectfully submitted
